FERGUSON DUMPS HOWARD AND HIDES LIBERAL PARTY CONNECTION.

Simon Cocker, Secretary of Unions Tasmania queried today why the newly launched Michael Ferguson giant billboard contains no images of John Howard and has only tiny copies of the Liberal logo placed high up and out of sight when only three weeks ago John Howard featured large in Liberal pamphlets.

Mr Cocker also said:

"Is it because he voted for Workchoices 23 times that he is now trying to distance himself from his own actions and pretend to be something else ? "

"If he genuinely cared for local issues he would not have voted 23 times to support legislation that has hurt working families and stripped Launceston's workers of take home pay and basic rights."

" Bass voters wont be fooled, they know a vote for Ferguson is a vote for John Howard and a vote for Workchoices."
